PLAYING BY CABLE

LASKER PRONOUNCES THE EXPERIMENT A SUCCESS.

With the Briny Deep Between Them Ten Pairs of Players, Representing the Manhattan and the British Clubs, Respectively, Sit Down to Play Chess Over the Wire—Game Followed by Interested Spectators at Both Ends of the Line—Races and Other Sporting News.

New York, March 9.—The cable chess match between the Manhattan Chess club of this city and the British Chess club resulted in a draw. When play ceased at 6:20 o'clock only one game was finished, its result being a draw, and the other games were left in such a doubtful state when play was stopped that a decision was considered impossible. When Lasker was asked at 2 o'clock to adjudge upon these games he proposed that the match be called a draw, as the adjudication of the remaining games could not be satisfactory to either club. The proposition was accepted and the match declared a draw. Hundreds of chess players from all parts were present at the Manhattan club throughout the day. The arrangements were excellently carried out and the whole event went off in the best possible and agreeable manner. The only game which was finished was that between D. S. Baird and Mills. The game in detail was as follows:

Fourth table, Roy Lopez, Mills playing white and Baird black:
